

AMAN SHARMA

Data Analyst

+91-7807188389 — aman132sharma@gmail.com — [portfolio-website](#)

Adept at leveraging skills in Data Analysis and Problem-solving, I transformed data into actionable insights during my tenure at Chandigarh University. Specializing in R and Python, my work spans from developing a machine learning-based image finder to driving business decisions through advanced data visualization and statistical analysis.
